Report of Presiding Officer

Acceptance of the agenda
The agenda was accepted and approved.

Old Business
- Regarding Dean Zoghi’s idea (February meeting) of expanding the Assembly’s Spring Convocation, only three departments had feedback at this time. The CME department felt the convocation was meant for faculty, OL had no opinion and CS liked the idea of rewarding or recognizing faculty with incentives such as professional development funds, course release, conference travel funds, and TA support to courses. The Assembly decided they would like more detailed information from the Dean, such as time of day, invitees and costs. A vote to expand the Spring Convocation at this time was 2 opposed, 7 abstained until more information is received.

Committee Reports
- Curriculum – Kimberly O’Connor for Hosni Abu-Mulaweh, Chair
  CEIT: IT Senior Design – approved by Curriculum Committee 3-14-18
  CEIT: Information Technology BS: New Courses for Approved Technical Electives – approved by Curriculum Committee 3-14-18
  ECE: Changes of Computer Engineering Curriculum – approved by Curriculum Committee 3-14-18
- Educational Policy – David Momoh, Chair – No Report
- Faculty Affairs – Guoping Wang, Chair – No Report

New Business
- Previously the Assembly voted to have Judy replace IPFW with PFW in all current Assembly documents. However, with additional changes such as the addition of the School of Polytechnic’s it would be better if the individual committees (Faculty Affairs, Curriculum, Educational Policy, P & T) thoroughly review the documents and make needed updates. The Constitution and By-laws would be reviewed by an ad-hoc committee of volunteers to reflect the change to PFW and incorporate the School of Polytechnic. An email will be sent to all faculty asking for volunteers with a deadline of Friday 4/6/18.
- Gary Steffen - re: representation of the School of Polytechnic on the Assembly and committees. The CEIT and MCET departments were mandated by the VCAA and USAP to
merge effective July 1, 2018. The College of ETCS documents recognize departments but not a school. Gary is asking the Assembly to recognize that a school exists within the college and that there are two (2) units within the school. He is asking that the School of Polytechnic have 4 seats of representation on the Assembly and 2 seats on all standing committees.

After discussion, a motion was made that if a new Constitution is not enacted by July 1, 2018 that the existing Constitution, as it is written with regards to representation on the Assembly, will be in effect for the academic year 2018-2019, or until a new Constitution is passed. Voted on and passed unanimously
