- Maximum Repeatable Credit:
- Credit by Examination
- Designator Required
- Special Fees
- Remedial
- Honors
- Full Time Privilege
- Off Campus Experience

COURSE DESCRIPTION (INCLUDE REQUISITES):
P: IST 205. This course provides an introduction to IT infrastructure issues for students majoring in Information Systems. It covers topics related to both computer and systems architecture and communication networks, with an overall focus on the services and capabilities that IT infrastructure solutions enable in an organizational context. The students will gain the knowledge on designing organizational processes and software solutions that require in-depth understanding of the ITY infrastructure. The course focuses strongly on Internet-based solutions, computer and network security, business continuity, and the role of infrastructure in regulatory compliance.
